Terms and Conditions

Users are reminded that all materials and pictures, except where specifically acknowledged, remain the property of NRPB. NRPB grants a world-wide, non-exclusive licence for use of the training materials for the non profitable, internal training of emergency services professionals in radiation transport emergencies and awareness in the RADS SAFE and NAIR schemes.

Unauthorised duplication of the materials, in whole or in part shall not be permitted without the prior written authority of NRPB.

Additional information regarding RADS SAFE is available on the RADS SAFE web site (www.radsafe.org.uk).
